## Communiqué

As part of the preparations to mark the 64<sup>th</sup> anniversary of Independence and Youth Day 5 July 1962-2026, and in collaboration with the ministry of Moudjahidine and Right holders, the ministry of Foreign Affairs, under the supervision of the Secretary of State in charge of the National Community abroad, is organizing a national event dedicated to members of the community who have excelled during their secondary and university studies.

This initiative aims to reward our students and recognize their academic excellence and their efforts in their studies; it is aimed specifically at students in secondary education (those sitting the baccalaureate) and university.

In this regard, the Embassy of Algeria in Prague invites members of our community who are academically distinguished and excelled in their studies to apply to the Embassy, accompanied by their school certificates and transcripts for the current academic year or university term, and any document proving the student's academic excellence, so that our Embassy may nominate them at the level of the Ministry of Foreign Affairs.

The Embassy of Algeria in Prague would like to thank all members of the national community residing in the Czech Republic for their cooperation in widely publicizing this announcement and for their contribution to the success of this initiative. It hopes that this occasion will provide an opportunity to recognize and celebrate the talents of Algerians residing in the Czech Republic as ambassadors for their country, their success reflects Algeria's image abroad, thereby enhancing our country's scientific and cultural presence and influence on the international stage.
